You will find a lot of interesting things in this city. If you're not familiar with Stikmen, then we'll fix it now. Stickman is a lad who loves extreme extreme sports. He likes to ride skateboard, roller shoes and other cool things. Once upon a time, he had a major problem with local police because of his reckless driving. He also had to leave the city to escape punishment. Play Stick rpg 2 is not blocked for free and online. Many years have passed, and he returns to town. He barely has old friends left, so you have to quickly find a job, rent a house and live a normal life. But Stickman regularly began meeting old acquaintances or friends who reminded him of the old days, when he always dispersed blood in his veins. Stickman This time very much and he decided to go back extreme. But now everything can end up more pleasant. If the Sticker person is confiscated by police, he will remember the old sins and the new ones. But our main character is doing everything to avoid falling into the hands of justice. And his activities in extreme sports brought him a really great pleasure. Lead an incredible and diverse life in a lively city with its secrets and secrets. You left it seven years ago, but since then a lot has changed and a lot of new things have emerged. You control a stick man who has to use his fear and charm interested in in dialogue with other residents, learning news, complete tasks, going to the casino, going to university and many other things. You're surrounded by many alternatives – where to concentrate, where to find a job, whether to comply with the law or spit on it! In Stick RPG 2, you can make a choice that will affect the life of your player by changing it for better or worse. good luck! About RPG games RPG is a simulation of events that occur in a particular world at a certain time. His participants regained their own character, guided by the nature of their roles and the internal convictions of character within the framework of the game's reality. Individual and collective actions of players form the game plot. As a rule, there are rules for running roleplay games, which describe the framework of player action, their behavior, simulating game situations. Player actions are free browsing within the framework of the selected rules, and also determine the ethics of the game and the results. The game plot roleplay is growing and the master or a group of masters monitor his progress. The world of games can be history, copyright or based on the world of existing fiction from literary works, movies or games. Role-playing games are associated with roleplay communities, as well as with historical reconstruction (reenactors are the most akin to roaming roles, many people join both movements simultaneously), historical fences, archery and crossbows, culture bards and minstrels, historical dance, ballroom culture, cosplay, various festivals and conventions devoted to themes They usually hold seminars on a variety of issues, master classes to create something or have something, project announcements, bards and minstrels will come in implementing, clothing competitions happen, etc. Non-commercial publications devoted to games and games are held in the role community. historical reconstruction issues, a collection of authors, including music. The main difference between historical reconstruction and role-playing games is that historical reconstruction events require complete historical accuracy (often up to hand stitches on clothing), while in role games playing this reliability is conditional. That is, speaking on average, historical reconstruction reflects the external side, and the role-playing game is internal. This entry was posted in Strategy. Mark links.
